STEP 8: REVALIDATE YOUR S/EAP

Step 8: Revalidate your s/EAP

Using information from evaluations and findings from the lessons learnt workshop, the National Society should determine what changes need to be made to the s/EAP narrative and budget. IFRC suggests making edits using *track changes* so that it is easy to identify what adjustments were made. Once the revised version is available, it should be sent to the IFRC delegation to start the revalidation process using the quality criteria.
